

## Giant Schnauzer Part of Special Church Service

A Giant Schnauzer preaching a sermon? Unusual, But partially true. Zion and his trainer Joy Matthews will present a special church service in your area. Zion an International Champion carries on the tradition started in 1992. And presents the third generation of sharing with churches; schools; youth groups; women's retreats; and Vacation bible schools. Joy calls upon Zion to show his abilities to perform and draws spiritual lessons from his obedience. The lessons that God taught Joy as she trained Zion are lessons she and Zion both love to share with others. By watching Zion, you will be blessed with a better understanding of your relationship to your Master and best friend. The public is invited to this unique program.
